HLTAID011 - Provide First Aid (Release 1)

Start training in HLTAID011 Provide First Aid!

The HLTAID011 unit of competency is the latest nationally accredited unit that provides you with the skills and knowledge required to provide a first aid response in a range of situations, including community and workplace settings.

This unit will help you learn how to respond to an emergency situation, apply appropriate first aid procedures, and communicate details of the incident.

Melvic College Australia offers the nationally recognised HLTAID011 Provide First Aid unit with high quality course materials and premier student support to deliver a unique learning experience.

We will deliver training that is customised to meet student, industry and where relevant, employer needs in line with the delivery strategy for the unit.

When you enrol in our courses, you will study under expert trainers with decades of experience in the industry. So what are you waiting for? Enrol now!

Perfect for learners who are seeking to gain First Aid competencies such as WHS Representatives, First Aid Officers, or others where it is required for their vocation (Aged Care, Child Care, Community Services, etc.)

Course Outline and Structure

Training Delivery

Training is delivered via **Blended (Face-to-face training + Online distance learning)** to be completed in up to **2 days** with approximately **18 hours** of study, depending on learner's skills, knowledge, and experience.

Assessment Methods:

- **Observation** during role play/simulations
- **Questioning** may include self-assessment, verbal answers, written questionnaires, activity modules or interview
- **Structured Activities**

What are the entry requirements?

There are no prerequisites required to enter this course. However, the RTO screens students according to the following criteria:

- Must be 18 years of age and over
- Have sound language, literacy, and numeracy skills* (at least Year 10 English, or equivalent)
- Have basic computer skill

Students must also be able to perform manual handling tasks safely.

Therefore, prospective students need to have the physical attributes to be able to:

- Bring themselves to floor level in order to perform the above task.
- Perform uninterrupted for two minutes single rescuer cardiopulmonary resuscitation (CPR) (five (5) cycles of both compressions and ventilations .
- Have the physical capacity to perform manual handling tasks safely.

**Learners who do not meet the LLN requirements of the course may still enrol into the course provided the enrolment has been endorsed by the trainer and corresponding additional support strategies have been put in place.*

For the complete list of resources that Melvic College Australia will provide, please refer to our [website](#).

Is Recognition of Prior Learning (RPL) available?

Due to the high risk nature of these units, RPL is not offered. Refresher training in CPR must be carried out annually and first aid certifications must be renewed every three years.

What are the qualification pathways after taking the course?

Learners may also consider additional training to complement their skills in providing First Aid with courses/units such as:

- HLTAIDo10 - Provide basic emergency life support*
- HLTAIDo12 - Provide First Aid in an education and care setting*
- HLTAIDo13 - Provide First Aid in remote or isolated site*
- HLTAIDo14 Provide advanced first aid*

**These units/courses are not offered by Melvic College Australia*
